The Irvine Legal Difference

1) We are not the typical stuffy attorneys who you worry to call because you don't want to get billed. We do everything on a flat fee.

2) We understand healthcare as a business and are sensitive to the interests involved. We work quickly to help physicians and employers move forward with contracts.

3) We work outside normal business hours. Many physicians already have a job and so if we are discussing new opportunities, that may mean we need to discuss before or after work – happy to do so.

4) We work with you to creatively solve immigration and recruiting issues.
